

Florencia Taccetti Presents

SPECIAL WORKSHOPS WITH
**SOMER SURGIT &
FLORENCIA TACCETTI**
FEBRUARY 18-21, 2010

at Four Seasons Dance Studio & Tapestry Folkdance Center, Minneapolis

Somer Surgit is an internationally acclaimed dancer who embodies musicality, elegance, and creativity.

Recognized as a unique interpreter of New Generation tango, Somer fuses a variety of influences with his own personal emphasis on genuine individual expression and a deep connection with his partners, allowing him to form an aesthetic and emotional bond with each. His extraordinary sensitivity to music and ability to improvise showcase a richly nuanced choreography with fluidity and elegance.

As an instructor, Somer avoids formulas and set combinations, emphasizing instead core techniques and fundamentals in both close and open embrace. His profound understanding of movement -- both technical and interpretive -- allows him to convey the principles of tango succinctly and clearly. Somer's warmth, sensitivity, and well-developed interpersonal skills enable his students to advance quickly and consistently.

Florencia Taccetti, Argentine by birth, has been dancing and teaching tango for 25 years. She has been performing with many of the most renowned tango dancers from Argentina, between them, Pepito Avellaneda, Gustavo Naveira, Pablo Veron and Chico Frumboli.

Florencia captures the varied and nuanced emotions of improvisation.

Effortlessly uniting music to movement and mood, she creates an articulate and distinct character with each dance. She takes each movement to its physical and emotional limit with such passion that she can guide an audience to feel the most subtle emotion by the smallest of gestures.

In her classes - each of them uniquely composed - Florencia Taccetti creates an experimental studio atmosphere, which allows her students to rigorously, but playfully, develop their dancing abilities. Her individual critique is strictly constructive and as amazingly pertinent as her pointed interventions, improving the performance of the class.
